

## **Accessories**

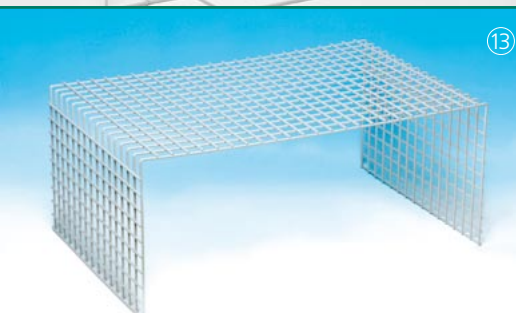

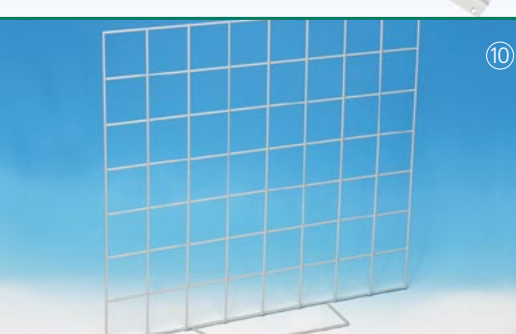

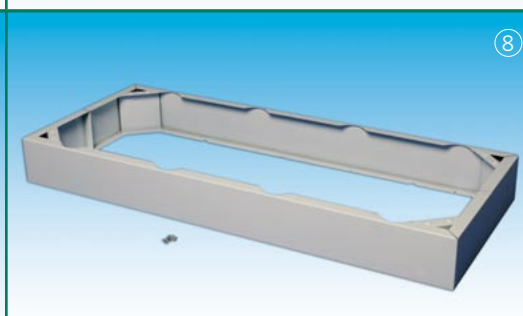

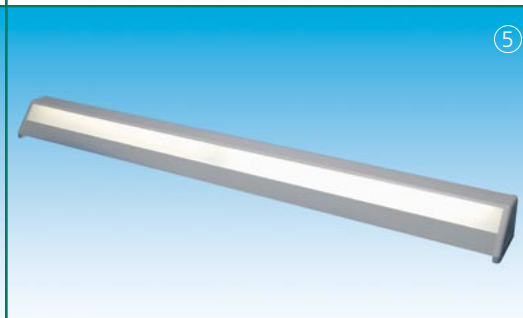

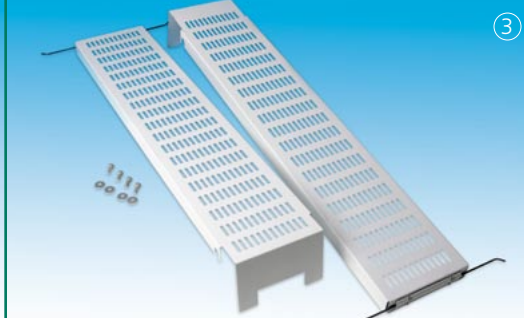

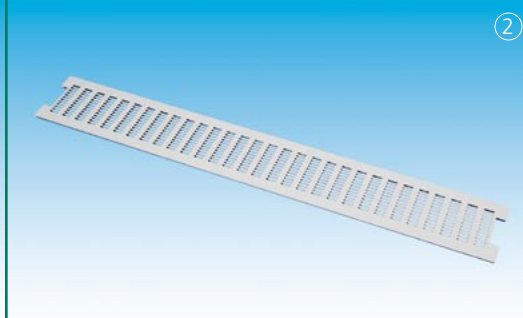

*Supermarket Chests*

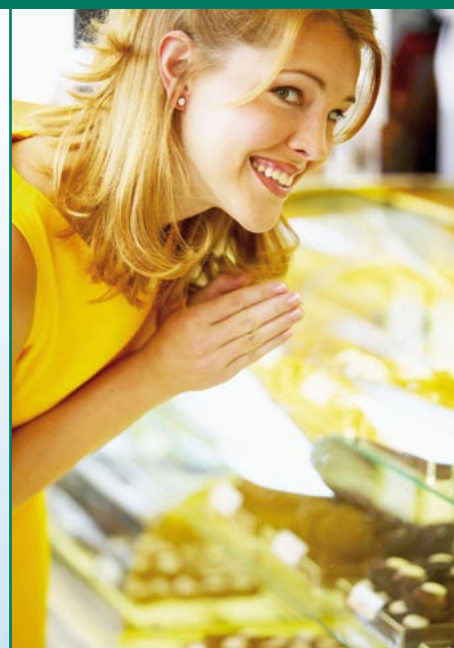

*A great variety  
of fittings and accessories  
for all product groups*

## AHT Accessories System

*Functionality and well thought-out solutions characterise the AHT accessories system. Variably and individually, we offer the ideal solutions and extensions for all areas of application - from the optimised product presentation up to attractive brandings.*

- ① **Kick plate:** prevents cleaning water and dust from dirtying and penetrating under the cabinets
- ② **Cover (flat, top):** for covering the space between cabinets for block installation
- ③ **Side cover:** for covering the side spaces and fastening the cabinets
- ④ **Cover (high, top):** for covering the space between cabinets and for mounting product group signage
- ⑤ **Lighting unit:** for optimum product presentation, illumination of the cabinets and product identification
- ⑥ **Product label:** for precise product descriptions
- ⑦ **Price tag holder:** for attaching price signs to the cabinet
- ⑧ **Pedestal:** optimises the product access height (BERLIN series only)
- ⑨ **Consoles:** for optical adaption of the head unit to the general block and for fixing up advertising material and shopping bags (BERLIN series only)
- ⑩ **Product divider with single foot:** for individual interior arrangement - optimum space structuring - first-class product placement
- ⑪ **Product divider with double foot:** for individual interior arrangement - optimum space structuring - first-class product placement
- ⑫ **Standing basket:** improves product presentation possibilities, interior space organisation, and product access height
- ⑬ **Base unit:** optimises product placement and product access height
- ⑭ **Extension feet:** for optimized product access height
- ⑮ **Bumpers:** used for protection against physical impact from the outside - available in various colours
